Application for a Dormitory Room

Please include a copy of the following documents:

- Certification of university enrolment or letter of admission
- Proof of your parents income and your own income (BAFöG – notice, scholarship notice, proof of your monthly earnings, etc.) This application cannot be processed without a valid certificate of your enrollment at the University of Tübingen and proof of your parents' / your own income!

To obtain a place on the waiting list, statements about your parents' income will only be considered if you include the corresponding proof (income tax forms, pension notice etc.). Otherwise, highest all-inclusive earnings will be assumed, decreasing your chance of obtaining a room severely! There is no deadline for the application; it can be handed in the whole year round. Rooms are allocated according to social criteria.
